

# Improvement Project

## 2011 CONSTRUCTION UPDATE

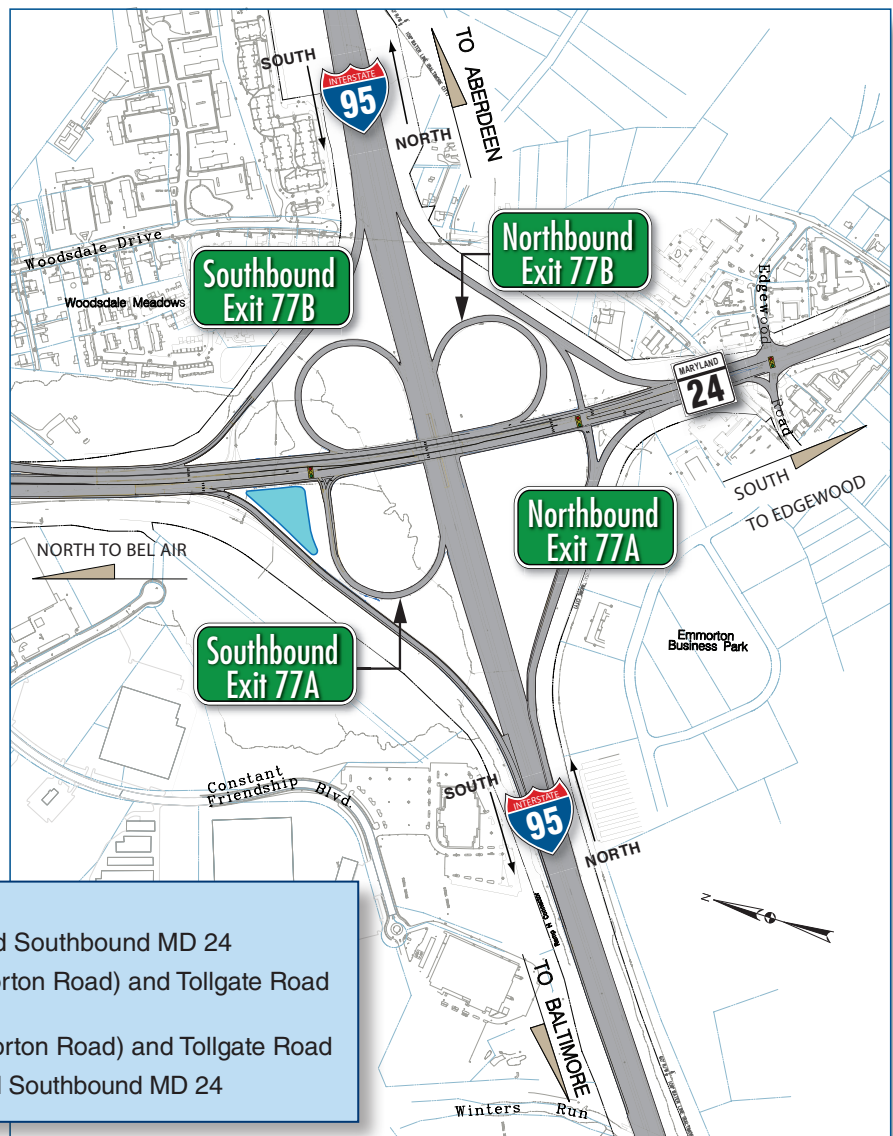

### New Overpass Bridge on MD 24 at MD 924/Tollgate Road to Open

*Traffic to and from Bel Air to Bypass Signal,  
New Traffic Patterns on I-95 Ramps to MD 24 and MD 924/Tollgate Road*

Weather and other variables permitting, the new MD 24 bridge over MD 924 (Emmorton Road) and Tollgate Road is scheduled to open in the fall. With this new bridge in operation, travel conditions will be improved as MD 24 motorists traveling between I-95 and Bel Air will take the bridge over MD 924, bypassing the signalized intersection.

In addition, new traffic patterns will be in effect on the ramps from both directions of I-95 to MD 24 (Exits 77A and 77B):

- Northbound I-95 motorists wishing to access northbound MD 24 to Bel Air should take Exit 77A and turn left at the signal at the top of the ramp.
- Northbound I-95 motorists wishing to access MD 24 south should take exit 77A and merge right where the ramp splits.
- Northbound I-95 motorists whose destinations are MD 924 (Emmorton Road) or Tollgate Road should use exit 77B.
- Those traveling southbound I-95 whose destinations are to MD 924 and Tollgate Road should take Exit 77B and those whose destinations are to MD 24 should take Exit 77A. At the new signal, turn left to access northbound MD 24, turn right to access southbound MD 24.

Map: I-95 at MD 24 (Exits 77A and 77B):

#### Northbound I-95:

**Exit 77A:** Northbound I-95 to Northbound and Southbound MD 24

**Exit 77B:** Northbound I-95 to MD 924 (Emmorton Road) and Tollgate Road

#### Southbound I-95:

**Exit 77B:** Southbound I-95 to MD 924 (Emmorton Road) and Tollgate Road

**Exit 77A:** Southbound I-95 to Northbound and Southbound MD 24

# Improvement Project

2011 CONSTRUCTION UPDATE

**Construction of MD 24 bridge over MD 924 wrapping up.  
New traffic pattern at exits 77A and 77B.**

Drivers should anticipate delays as motorists get used to the new traffic patterns on the ramps. **Backups may occur on northbound I-95, especially during evening rush hours, as crews work to complete widening of the northbound I-95 ramp to MD 24 (Exit 77A).** Please remember to follow highway guide signs, traffic signals and pavement marking arrows.

Know before you go. Maryland now features FREE 511 traveler information. Call 511 or visit [MD511.org](http://MD511.org) for 24/7 travel conditions.

The I-95/MD 24 Improvement Project, aimed at improving safety, adding capacity and reducing congestion on a 1.5-mile stretch of MD 24 near the I-95 interchange, is anticipated to be complete this fall. For more information on this project or to view a graphic rendering of the final MD 24/MD 924 interchange, visit [mdta.maryland.gov](http://mdta.maryland.gov). For traffic conditions statewide, visit [traffic.maryland.gov](http://traffic.maryland.gov) or [MD511.org](http://MD511.org).

The MDTA thanks its customers for their patience and reminds them to **Stay Alert So No One Gets Hurt!**
